

**Change Your World Scholarship
Narrative Questions**

What prompted you to continue your education beyond high school?

How did you decide on the school and program you chose to attend?

Many students face challenges along their educational journey. What obstacles do you think might get in your way and do you have a plan to handle them?

What is something you did that you feel especially proud of? Tell us what it was, and why you feel the way you do. Did you learn something about yourself as a result?

Describe your high school experience. Did you take college prep courses? Do you feel prepared for college?
